Green/Blue Course:

Blue Tees	White Tees	Red Tees
69.1/120	68.1/118	70.5/116

SAFETY - FIRST AND ALWAYS!

Mark Twain once said, "Golf is a good walk spoiled." Unfortunately, his comment could come true, if you do not observe basic safety rules!

LIGHTNING

Electrical/thunderstorms represent a serious threat to life. When a storm threatens, immediately discontinue play and leave the golf course. If you cannot leave, seek protection in a lightning/rain shelter, facility building, in dense woods, or low lying bunkers.

GENERAL

Be sure that others are out of range before you play through.
Stand behind and away from a player making a shot.
Yell "fore" to warn others of an errant or upcoming shot.
Never throw a club, ball or other object.

ENVIRONMENTAL CONDITIONS

You must take precautionary measures to avoid the physical stress associated with heat exhaustion, dehydration and exposure to the sun. Wear a hat, use a skin protector and drink sufficient fluids.

You may be exposed to a variety of insect bites, including those of the American Dog Tick, Deer Tick, bees, wasps, hornets, and mosquitoes. Consult with your physician regarding use of insect repellents. Avoid walking in tall grassy areas and woods. If bitten seek assistance from our first-aid staff.
